

On p. 329, principle (iii) should read:

- (iii) U [*is/was*] true at t_2 iff either:
 - (a) U was present-tensed and E and t_2 are real-as-of each other;
or
 - (b) U was past-tensed and, for some t earlier than t_2 , E and t are real-as-of each other.

So that the three incompatible principles are:

- (ii) U [*is/was*] true at t_2 iff U was true at t_1 .
- (iii) U [*is/was*] true at t_2 iff either:
 - (a) U was present-tensed and E and t_2 are real-as-of each other;
or
 - (b) U was past-tensed and, for some t earlier than t_2 , E and t are real-as-of each other.
- (iv) U [*is/was*] truth-valueless at t_2 .
